Certificate of Independent Bid Determination

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- a) prices;
 - b) geographical area where product or service will be rendered (market allocation)
 - c) methods, factors or formulas used to calculate prices;
 - d) the intention or decision to submit or not to submit, a bid;
 - e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

PART T3: SCOPE OF WORKS

12. SCOPE OF THE WORK

12.1.1 GENERAL

The *Contractor* shall have the necessary tools and equipment to perform the maintenance procedures. The *Contractor* shall further have all the measuring equipment to measure current, temperatures, oil quality, etc.

12.1.2 DESCRIPTION OF SERVICE

The scope of work covers substation, network contraction and maintenance for a period of three (03) years as and when required.

12.1.3 LOCATION OF SERVICES DELIVERY

The *Contractor* shall provide substation, network contraction and maintenance at eDumbe Local Municipality's jurisdiction.

12.1.4 TECHNICAL MAINTENANCE CONDITIONS

Maintenance and servicing are to be performed, which will be inclusive of labour, travelling and general consumables (Cleaning fluids, rust treatment, grease, oils, cloths, cleaning solvents) which are required for scheduled maintenance (Preventative maintenance – cleaning, fixing, greasing, cleaning of all components and systems, all adjustments and settings required and tightening of all connections). All other parts and components and callouts will be charged additionally to this contract price according to the rates and mark uppriced in this contract.

12.1.5 RECORD KEEPING

All maintenance activities will be recorded and monitored. These records must be logged during each site visit.

12.1.6 BREAK DOWNS AND RESPONSE TIME

The *Contractor* shall be available on a 24 hours cycle per day to react on breakdowns and complaints about any malfunctioning of the systems. Breakdowns shall be reported to the *Contractor* telephonically. It will be the responsibility of the *Contractor* to act within 3 (three) hours, from the time the call has been logged or reported. The *Contractor* shall promptly repair the system to ensure normal running and functioning, and will submit a detailed report of the specific break down. If the *Contractor* does not respond within the given period, the penalty clause will be applied as described in the contract.

12.1.7 PREVENTATIVE MAINTENANCE INTERVALS

The preventative maintenance service shall be done on a quarterly basis. During each maintenance visit the *Contractor* shall execute the activities as stipulated in the maintenance schedules attached and specified in the maintenance manuals.

The first service shall be carried out within seven (07) days after the commencement date of the contract or as agreed to by the parties.

2 CONDITIONS OF CONTRACT

a) WRITTEN AGREEMENT

The parties (*Employer* and *Contractor*) herewith agree in terms of section 37(2) of the Act on the arrangements and procedures that must be followed to ensure compliance with the provisions of the Act by the Contractor.

b) ACKNOWLEDGEMENT BY THE CONTRACTOR

The contractor acknowledge herewith that he is fully acquainted with the contents of the Act, as well as with all regulations and SABS codes of practice that have been made in terms of section 43 of the Act.

c) UNDERTAKING BY CONTRACTOR

The Contractor hereby undertakes and binds himself to the Municipality to ensure prompt and strict compliance with the provisions of the Act and the said regulations as well as with the provisions included in this Safety Agreement at all times during the execution of the Works.

It is hereby recorded that the provisions of this Safety Agreement as set out hereinafter are in no way intended to restrict the duties of the Contractor, nor to exempt the Contractor from his obligation in accordance with the Act and the said regulations.

d) PERSONAL PROTECTIVE EQUIPMENT

It is compulsory to wear equipment for eye protection when working in an eye protection zone or where the Work requires eye protection.

It is compulsory to wear safety helmets when working in a safety helmet zone or where the Work requires safety helmets.

It is compulsory to wear hearing protection when working in a noise zone or where the Work requires hearing protection.

The wearing of other protective clothing and equipment as prescribed by the Occupational Health and Safety Officer of eDumbe Local Municipality is compulsory.

The Contractor shall ensure that the statutory requirements are complied with at all times.

e) FENCING AND GENERAL MACHINERY PROTECTION

No shield or fencing may be removed from or be moved at any machinery or installation without written permission.

f) SCAFFOLDING, LADDERS, TOOLS, ET CETERA

The Contractor without the written permission of the Municipality may use no equipment or tools that belong to the Municipality.

Except where agreed beforehand the Contractor shall provide enough tools and equipment to enable him to complete the Works and the Contractor shall provide all storerooms, offices and eating halls that he may need. The Contractor will be responsible for all his material on site.

In special case where the Municipality may lend equipment, tools or materials to the

Contractor, the Contractor will use such equipment, tools and/or materials at his own risk and the Contractor herewith indemnifies the Municipality against any liability of whichever nature or from any cause whatsoever, whether direct or indirect, that may arise from such usage.

g) SERVICES AND WORKING METHODS

The written permission of the HEAD: Technical Services of the Municipality shall be obtained where any work which must be undertaken by the Contractor is connected with a working process or machinery or any other service in connection therewith, or may possibly affect it, before he commences with such work.

Approval shall be obtained from the HEAD: Technical Services of the Municipality before any equipment is connected to the electrical supply of the Municipality. All equipment shall be isolated before any equipment is connected to the electrical supply of the Municipality. It shall be isolated and be provided with earth leakage protection. Electrical machinery, portable electrical tools and portable lights must comply with the requirements of the applicable regulations.

Work permits must be issued in terms of the Occupational Health and Safety Act and Regulations when the nature of the work requires it. Permits must be issued by the relevant departmental head where necessary.

h) EXCAVATIONS

Written permission for excavations shall be obtained from the HEAD: Technical Services of the Municipality and the Contractor shall make sure of the existence and position of electrical cables, discharge pipes, gas lines, water conduits, et cetera before he commences with any excavation work.

All excavations and obstructions and/or any openings in platforms or floors shall be enclosed in a safe way and warning notices shall be erected to ensure absolute safety. An adequate number of red or orange caution lights shall be provided when it is dark or should bad light prevail.

The area surrounding excavations shall be kept in a safe, orderly and tidy condition. No loose material of whatever nature may be left in walkways or workplaces or be allowed to block walkways or workplaces.

Nobody may enter into any restricted area in which hazardous fumes or a shortage of oxygen exists without a permit giving permission to do so, issued by the head of the relevant department of the Municipality and until it has been certified safe for entrance by the Occupational Health and Safety Officer and the Health Inspector of the Municipality.

i) RESTRICTION TO WORKPLACE

Employees of the Contractor shall be restricted to their workplaces except when they have to leave their area for work purposes or when they visit toilets.

j) SUBCONTRACTORS

The Contractor shall ensure that all subcontractors receive a copy of this safety agreement and must ensure they comply with it.

k) OCCUPATIONAL HEALTH AND SAFETY OFFICER AND THE REPORTING OF ALL ACCIDENTS

The Occupational Health and Safety Officer of the Municipality is available for consultation and he will make periodical visits to the workplace of the Contractor. Any hazardous occurrence or incident to the employees of the Contractor that results in absence from work for a period longer than three days shall be reported in writing to the Occupational Health and Safety Officer of the Municipality within forty eight hours as well as to the Department of Labour as specified by the Act. Every user, *Employer*, occupier, builder or excavator must, under this Act, keep record of all accidents that occur.

In the case of an accident that results in loss of life, nobody may disturb the scene of the accident or any articles involved in the accident prior to the arrival of the Occupational Health and Safety Officer and the Inspector, unless it is to prevent another accident from happening or the prevention of loss of life or to remove corpses.

The Occupational Health and Safety Officer will issue contravention notices to the Contractor or a sub-Contractor when there is a noncompliance and will specify the time in which it must be rectified.

The Occupational Health and Safety Officer will issue work stop notices to the Contractor or sub-Contractor whenever he is of the opinion that the health and safety of any person at work is threatened or that the contravention notices are not adhered to.

l) FIRST AID

Where five or more persons are employed at a workplace, the Contractor shall provide and maintain an adequately equipped first-aid box that meets the following requirements.

Every first-aid box shall contain the minimum contents as prescribed by the Occupational Health and Safety Act.

Nothing except articles and equipment required for first-aid purposes may be kept in the first-aid box.

Each first-aid box shall be kept in a place readily accessible in case of an accident.

All first-aid boxes shall be placed under control of a responsible person except where five or less persons are at work. The responsible person must be in the possession of a valid first-aid certificate issued by one of the following organizations:

- (a) South-African Red Cross Society
- (b) St. John's Ambulance Foundation

PART C2: HEALTH AND SAFETY

HEALTH AND SAFETY

1 PURPOSE

The purpose of this specification is to set the minimum health and safety requirements and expectations for any *Contractor* who is supplying, constructing and maintaining the electrical installation work for the EDumbe Local Municipality Electricity Department.

This specification does not replace any requirements and regulations as dictated in the OHS Act 85 of 1993 and any other applicable health and safety standards associated with construction and electrical work.

This specification is compiled to satisfy the requirements of Construction Regulation 4(1).

The *Contractor* and/or its designated person appointed in terms of section 16(2) of the Occupational Health and Safety act, Act No 85 of 1993 (the "OHS Act") shall report to the Municipality Electricity Department prior to commencing with the Contract Work at the Works.

2 COMPLIANCE

The *Contractor* warrants that it agrees to the arrangements and procedures as prescribed by the Municipality and as provided for in this specification.

The *Contractor* further undertakes to maintain such compliance with the OHS Act. Without derogating from the generality of the above, nor from the provisions of the Agreement, the Contractor shall ensure that the clauses as hereunder described and the OHS Act are at all times adhered to.

The *Contractor* hereby undertakes to ensure that the health and safety of any other person at the Site is not endangered by its conduct and/or activities while in the works.

3 CONTRACTOR AND EMPLOYER

The Contractor shall be deemed to be an employer in its own right while on the Site in terms of Section 16(1) of the OHS Act, the Contractor shall accordingly ensure that the requirements of the OHS Act are complied with by itself and/or its nominated Chief Executive Officer.

4 COMPENSATION REGISTRATION

The Contractor shall ensure that it has a valid registration with the Compensation Commissioner, as required in terms of the Compensation for Occupational Injuries and Diseases Act, Act No 130 of 1993, and that all payments owing to the Compensation Commissioner is discharged. The Contractor shall further ensure that the cover shall remain in force while any such employee is present on the Site.

5 MEDICAL EXAMINATIONS

The Contractor shall ensure that all its employees undergo routine medical examinations and that they are medically fit for the work they are to perform.

The Contractor shall, in compliance with the act, be responsible for the medical examination by an occupational medical practitioner of his employees and shall provide written proof that medical examination of his employees to be engaged on premises/ workplace has been done and that they are medically fit for the work they are to perform and that the necessary certificates of fitness have been obtained. These medical examinations shall be conducted before employees will be allowed to commence work on premises/ workplace.

6 INCIDENT REPORTING AND INVESTIGATION

All incidents referred to in Section 24 of the OHS Act shall be reported by the Contractor to the Department of Labour and to the Municipality Electricity Department. The Municipality shall further be provided with copies of any written documentation relating to any incident.

The Municipality Electricity Department retains an interest in the reporting of any accident as described above as well as in any formal investigation and/or inquiry conducted in terms of Section 32 of the OHS Act into such incident.

7 PERSONAL PROTECTIVE EQUIPMENT

The Contractor shall ensure that its responsible persons and employees are provided with adequate personal protective equipment (PPE) for the work they may perform and in accordance with the requirements of General Safety Regulation 2(2) of the OHS Act. The Contractor shall further ensure that its responsible persons and employees wear PPE issued to them at all material times.

8 GOODS, MACHINERY AND EQUIPMENT

The Contractor shall ensure that all the Goods and Contractor's Equipment is/are at all times of sound order and fit for the purpose for which it/they is/are intended, and that it/they complies/comply with the requirements of Section 10 of the OHS Act.

In accordance with the provisions of Section 10(4) of the OHS Act, the Contractor hereby assumes the liability for taking the necessary steps to ensure that any article or substance that it erects or installs at the Site, or manufactures, sells or supplies to or for the Municipality, complies with all the prescribed requirements and will be safe and without risks to health and safety when properly used.

9 NO USAGE OF EMPLOYER'S EQUIPMENT

The Contractor hereby acknowledges that its employees shall not be permitted to use any materials, machinery or equipment of the Municipality or Municipality Electricity Department unless approval has been obtained, in which case the Contractor shall ensure that only those persons authorised to make use of same, have access thereto.

10 CONTRACTOR HEALTH AND SAFETY (HS) SYSTEM

The Contractor and his sub-Contractors shall have a HS system in place. This HS system is aimed at ensuring the safe working of Contractors and those that might be affected by their actions and to fulfil the following objectives:

- (a) Provides a structured approach to ensure adequate communication takes place between EDumbe Local Municipality Electricity Department, the Contractor and Contractor employees.
- (b) Ensures that risks, in the method statement, have been assessed by the Contractor and corrective action has been taken to remove or control these risks.
- (c) Ensures that the contract work undertaken by the Contractor is effectively controlled by the Contractor's responsible person.
- (d) Ensures that the Contractor and EDumbe Local Municipality Electricity Department are continually committed to implementing safe working methods in the interest of safety of all employees.
- (e) Ensures that the Contractor's supervisors have adequate experience and knowledge of the activities to be performed in order to ensure that all the Contractor employees are suitably trained and have reached the level of competence to enable them to complete the said activities safely.

It is the responsibility of the Contractor to meet on a regular basis with its employees to discuss HS initiatives and performance. Minutes of each meeting shall be taken, signed by all present and copies forwarded EDumbe Local Municipality Electricity Department responsible person. A copy of all minutes of meetings shall be kept in the Contractor's HS file.

Whilst having a comprehensive HS system is crucial to any HS programme, Contractor management is expected to ensure practical implementation of the system on the construction site. Contractor management is expected to:

- (a) Spend some time in their operations observing the work performed by employees and discussing the safety aspects with them.
- (b) Praise people doing the right things in terms of safety, health and environment.
- (c) Stop unsafe acts and correct unsafe conditions
- (d) Demand an update on the HS performance and improvement plans from those in charge of day to day activities.
- (e) Start every meeting and day with a safety share or discussion.
- (f) Review and follow up on all audit reports and incident investigations ensuring that target due dates are met for closing out any issues.

11 CONTRACTOR HEALTH AND SAFETY (HS) FILE

Where applicable, the following shall form part of the Contractor's HS file as a minimum:
